Summary

Hands-on design leader with 14 years of product design experience across product and brand. At Neurotone AI brand and product are one job: I lead design for an AI-powered product used in nearly 1,500 clinics and design the identity, marketing site, print, and sales materials around it. Earlier I built and led a design team at SharpSpring through an acquisition, and started at an agency doing identity, web, and print. Based in Gainesville, FL, US; remote.

Core Strengths

- Design leadership across product and brand: one quality bar for the product, website, print, and sales materials
- Brand: visual identity, typography, art direction, and digital expression, from agency work to today
- Complex technical products made clear for sophisticated users: automation logic, clinical science, AI features
- One design system for product UI and company assets: token-driven components and code-built templates
- Building a design function: hiring, critique, review processes, and developing designers
- Research, prototyping, and usability testing, including formal usability studies
- Close partnership with product, engineering, marketing, and sales; influencing senior stakeholders
- Hands-on craft and prototyping in code: React, Next.js, TypeScript
- Tools: Figma, Adobe Creative Suite, Claude Code, Linear, Webflow

Experience

Lead Product Designer

Neurotone AI (Lace AI Pro & Tinnitus Pro) · Apr 2024 – Present · SaaS / AI Platform

- Lead design across brand and product for Lace Pro, an AI-powered FDA Class II product used in nearly 1,500 audiology clinics: identity, marketing site (Webflow), print collateral, sales case studies, partner materials, and the product itself.
- Translated decades of auditory neuroscience into a product clinicians prescribe and older patients use daily; rebuilt a 20-year-old platform in under 6 months.
- Built the design system from scratch: several hundred components across mobile and desktop, token-driven for theming and accessibility.
- Built a code-based system that turns structured content into on-brand sales case studies, so marketing and sales produce consistent assets without a designer in every loop.
- Designed and built the first version of a clinic ROI calculator that sales reps preconfigure for each prospect.
- Designed Tinnitus Pro 0-to-1 in under 4 months; Lace Pro and Tinnitus Pro share one app and one login. Hearing Technology Innovator Award three years running, 2024 to 2026.
- Sole designer until June 2025; now working alongside a second product designer.

Product Design Manager

Constant Contact · Oct 2021 – Apr 2024 · Enterprise SaaS / Email Marketing Platform

- Managed a 5-person team of product designers, researchers, and content designers on one of the largest email marketing platforms in the world, owning feedback, career growth, and performance.

- Took over a completely new team after a post-acquisition reorg and kept 1:1s, critique, and team time steady so the team had stability while the org changed.
- Partnered with product and engineering leadership on roadmap strategy, using research and experimentation to shape direction.

Head of User Experience · Senior UX Designer · UX Designer

SharpSpring, Inc. · Dec 2014 – Oct 2021 · B2B SaaS / Marketing Automation

- Grew from UX Designer to Head of UX; became a formal manager in 2019 and hired directly to build the design team, then carried it intact through the Constant Contact acquisition.
- Set up the team's design standard: critique format, review rhythm, hiring loop, and structured user testing.
- Designed the Visual Workflow Builder, turning automation logic buried in forms into a readable map, and rolled it out beside the legacy builder with opt-in, a sunset date, and support-assisted migration.
- Championed a unified design system linking visual components to coded equivalents.
- Brought in an intern with no product experience and grew her to owning a net-new product; she now leads growth design at Noom.

Tools: Figma, Zeplin, Jira, Monday.com, Hotjar, Pendo, Storybook

UX Consultant, Freelance

Fyllo Compliance Cloud · Feb 2021 – Sep 2021 · B2B Compliance SaaS

- Delivered a UX audit, structured component inventory, and scalable design system components for a B2B compliance platform operating under strict regulatory constraints.

UI/UX Expert

University of Florida, College of Education · Aug 2012 – Dec 2014

- Designed and built a 0-to-1 web platform supporting educator peer collaboration, owning UX strategy and front-end development.

Internet Services Director

Group Five + Associates · Aug 2009 – Aug 2012 · Agency, Gainesville, FL

- Agency work across multiple client accounts and industries, spanning brand identity, web design, and print, with the context-switching that multi-client environments demand.

Education & Certification

Bachelor of Fine Arts · Millersville University, Millersville, PA

SharpSpring Platinum Partner Certification

Google web.dev Learn Accessibility (WCAG, ARIA, inclusive design) · 2026
